NEWSPAPERARCHIVE®

NOW IS THE TIME TO SON IT.

MONDAY MORNING, MARCH 28, 1381. THE COLUMBIA RIVER, AGAIN. Out of the contact which has arisen at New Out of the contest which has arisen at New York over railroad exterprises in the Pacitic morthwest ignorant clamor has again been started in certain quarters against the Columbia river har. We have heretofore spoken of remarks pterraphed has week and attributed to add the best of the business of the interior; marks pterraphed has week and attributed to add it could do this because like line could be observed by the first operated by the could be observed. the secretary of the Northern Pacific Radroad He looks only to Pugot sound. Company. He looks only to Punct sound.

Now there is no one who does not concede the creditions of harbor facilities at Punct sound.

Which will not be oversome desired soon as the ocean. But some how there are persons

while those who must industrionally magnify them know little cr nothing at all of the gub-United States will be necepted as entirely fair quired of them is to trust all citizens and disinterested witnesses. Col. John Y. No radicod can be built without invoking the Wilson, in his report for 1877, said:

Sovereignty of the people, and the privileges

spaces must be charge. In his report for 1880 is even more specific. By says:

A great leaf has been add and written about the dangers of the Colombis free bur, but I thing a careful examination of the tist of diseasers which have occarred three and the causes that have ogenerated three and the causes that have opened the colombis free bur, but I thing that the stream of the Colombis free bur, but I thing that the stream of the Colombis free bur, burning the short of the colombis free bur, but the stream of the colombis free burning the short of separation of the burning that the stream of the colombis free burning the short of separation of the burning free burning the colombis free burning the same free preparation of the sompany, has new simply been distributed that the order of the colombis river; and if it be safety to make an improvement which will utilize between the colombis free burning the colombis free burning the burning t

be observed that tags of sufficient power bave nover yet been employed there. With increase of commerce, now at hand, there will be soon no writing Dickons." tugs of the first class: Steamors are seldem our telegraphic report from Port Townsond delayed; and no steamer was over lost on the state that several vessels are detained outside the straits by strong southeast winds that have which was run ashore a mile out of her track on a perfectly calm night, by a pilot who is under indictment for the act and has ded the sometimes detained there as well as off the Cocountry. Another objection is that deep vis-sels often find difficulty in reaching Portian I. This is true; but the best engineering author-

This is true; but the best engineering authority has repeatedly shown the obstacles to be only such as may be easily removed! One hundred theusand dollars expended in any one year will open a deep ship channel from Portland to the sea, and forry thousand dollars a year theirafter will keep it open. Larger suns a reappropriated every year for arreams small-iteration that the string terms of the Columbiar of the sea, and doubt that ere long the Williams and Colimbia rivers will be properly depended. If the government will, not do it Portland must and with, The domands of Commerce will soon make this imperative. Portland must and with, The domands of Commerce will soon make this imperative. Whoover studies the position of the lower Gellembia in relation to the ignest country drain, and the studies and considers the tank and importance which Portland has now attained, must said why this is necessarily so. This great river has cut the Cascade rauge, which else where has a height of 4500 to 7600 feet, down to the sea level. Here is the unterface of the sea level. Here is the But after such road is built it cannot be cheap-The Columbia gateway will remain for all time the natural route, because the cheap and easy one. Great as the advan-tage is which: Paget sound unioniably has over the Columbia river for shipping, the Columbia river has an equal advantage over Puget sound from the configuration of the country. In other words Puget sound has an advantage in

rational connection over the mountains with the great interior. Somewhere on the sound a commercial city of theorems, will spring into being. One of the several growing towns now there will probably be the joint at which the future city will be built. But those who image the future of the probably the future will be the future of the probably the future of the fut ine that the future of Puget sound and of the conding city on its shores depends on the abaudonment of the Columbia i ver as a channel of commerces and on the decay of Portland are resting their experiments neer of personnel are restorations to continue on the sense of the sen on serique miscalculation. Given p.

the greater part of the business will be done by the Columbia river route, because it is the un teh easier and cheaper one. And it will be so in any event, whether the Korthern Pacific shall be controlled by the Oregon company, or acti. Should it be so controlled that result would not be questioned by any one. Should operated at less cost. Concerning the Columbia par and the mavigation of the rivers as far co of barbor facilities at Puget sound. The railway development now out not brings easy acrossfullity of the sound from the railway development now out not brings that came how there are nersons the increasing stream of commerce this way.

the ocean. But some how there are persons possessed of the idea that Puget sound is desired in supersedu the Columbia river of persolicity in the talk against the objects of soon as the railway system of the country shall have been established. Such soons to be the equinor of Mr. Wilke soon or wheever may expression to the remarks of the property o some to be the opinion of Mr. 101186. It is hardly now to be regarded as within probson, or whoever gave expression to the commands a
shiftly that any of these change will happen,
the as well to say pialuly, that there is in the
second on these occasions that ships never did
commands are a marty that wishes

The same occasions that ships never did
color the Columbia record as seed to Port-

sound line. The nature of the case is such going to make manny all over the world by "groteeting" ourselves against each other.

President Jewett of the Eric railroad prints or perhaps 200 miles from Portland, a distance twice as great as that from Now York to Philaidelphia. If there is not room in this great which he claims that engress has no right to northwest for more extensive growth and de- legislate in regard to the railroads, and that northwest for more extensive growth and development than this narrow [colouse between
Oregon and Washington which some are trying
to foster would suppose, then we have not the
country we have been accustomed to bosed of ,
by any means. It ought to be an instruction

he as well to say plantay, that wishes enter Northern Pacific company a party that wishes land, Softmer reacher company a party case stand in disregard Oregon. It thinks solely of Page :

There soems to be quite a movem of in Ensound, and does not want to consider or recornize Oregon as a factor in the development of Northern Pacific ralway plans. We do not think that President Billings is of this party. His views have always been understood to the same arguments as dur manner much more comprehensive. But this party have probleds exists, and one of its methods to recorning the same arguments as dur manner much more comprehensive. But this party have probleds exists, and one of its methods to recorning the description of the Columbia river." and to heist ed; magnify and exagger, to the "dangers and fifthed cultists of the Columbia river." and to insist that playing a subject of the columbia river." and to insist that playing are subject to exceed which are subject to the real should include only the schedule of the road should include only the schedule of the road should include only the schedule of the road should be subject to the factor of the consideration attacked to the subject of all those angaged in the rational of the conference of the factor of the subject of the subjec

an effort to place the Kartharn Pacific rativand in an attitude of hesility to Oregon, and particularly to Portland. It will be romembered that the charter of the company provides for construction of the main line down the Columbia river and for construction of a branch across the mountains to Paget sound. Oregon does not expect nor takes from 6 to 7 per cent, elegant than the desire to prevent the construction of the Puget sound. In the mature of the case is such going to make money all over the count leavest and the construction of the case is such that this line would do Oregon no burt what-ever. The terminus on Puget sound would be 150

down to the sea level. Here is the matural gateway of a vist country. Wery
such a pass situated just back of Puget
sound the question would be forever
settled. Nature, rather, would have settled. Nature, rather, would have settled. Settled the settled of the settled of the settled of the settled. State of Territories. Native. Foreign.

19- First Street, Portland.

Across the painway, myrtle feinged, Endier the maple, it was traged— The little wooden gabe; Twee there, within the quite glean; When I had strolled with Nellie hou of I used to pause and wall.

i used to joined and war.

Hefare I said to her good night,
Yet jork to leave the winsemespaths
to the archin's pale;
And there, the gate between its two,
Wall linger, as all lovers day.

And lean upon the rail. And face to face, eyes close to cyes, Hands meeting hands in feigued sur-

We'd talk-in fitful style, I ween-

"Good night" I'd say: "risodinight | good by "Good night" from her, with half a such "Good night" from her, with half a such "Good night" from her, with half a such And then to no too but stand. Adul hem on the railing, and—Begin it all again!

Begin van gewonen.
Aht that was many days ago—
That pleasant summer time—aithough
The galetie standing yet;
A intile cranky, it may be.
A little weather worst like me—
Who never can forget!

The sharpest of the state of th
